Club Resolutions

For Mrs. Ingalis

Whereas it has pleased our Heaven ly Father to remove from our mist our dear friend Mrs. Ethel Ingalis, who departed this life on January 16th 1916, be it resolved:

That we the undersigned committee. on behalf of the Mothers' Club of Lehi. of which she was long an active mem br, do extend our heartfelt sympathy to the bereaved family,

That in her death this association has lost a valued and faithful member.

That in respect to her memory these resolutions be guarried in the recordof this association, and that a copy there if be sent to the humband, and a copy each to the "Lehi Banner" and "The Sun."

Respectfully submitted, Florence Merribew, Marion Dorton, Agnes Smith. Lehi, Utah, January 24th, 1916.

The Habit of Taking Cold.

With many people taking cold is : habit, but fortunately one that is can tly broken. Take a cold sponge bath every morning when you first get out of bed-und ice cold, but a tempera-ture of about 90 Deg. F. Also sleep with your window up. Do this and you will seldom take cold. When you do take cold take Chamberiain's Cough Remedy and get rid of it as

Vosnos Wins Over Smith

Three-fourths of the 250 wrestling ans who witnessed the Smith-Vosnos patch in the Smuin Academy Monday ight expressed their disapproval of the partisian referee, Henry Jones of rozo, over the way he apparently awared the Greek in all his decisions. ie gave the first fall to Vesnes at the end of 21 minutes with a bods cissors and a half Nelson, and the seond in 6 minutes with a body seissors and if bar arm. Smith had the Gree tmost pinned in the second fall and ome of those close to the ringdde notes that he was as nearly down as cas Smith when the referee gave his ceision. It was clear however that he Greek was in much better condiion than his opponent and besides oreing the contest generally, he w it his opponents back most of the ime when the wrestlers were pumey on the mat by the referee. Smith nade two statements at the close of he bout. One was that he was not it condition, baying but but one west raining in six months and the othhat he can throw any man in ?" with proper training, with both

With the defeat of Proctor Academy with a score of 57 to 23 Friday night and the defeat of Pleasant Grove by Heber, it placed the Lehi basket ball team in the lead in this division. The game Friday night was never in doubt because of the close team work of Lehi and the inexperience of Proctor. Gray scored 14 field baskets single handed and made more points than the whole Provo team. Clark, Lehi's star center had sprained his ankle learlier in the week and was not in the

FUN KILLING COYOTES

Sam Wilcox the Cedar Fort wrestling champion, says that the people of Cedar Valley have been having fine winter amusement catching coyotes

and wild cats. Gray hounds are used in catching the cats and the coyotes can easily be run down with horses in the deep snow. Last week Mr. Wilcox and Barnes Cook caught 3 covotes and 9 cats in this way. The state gives \$1.50 each for a bounty and the hide are worth \$5.00 each at this season for their fur.

Mosida Will Raise Beets

Representatives of the Utah-Idah Sugar Co. will go to Mosida and sign contracts with the farmers there to grow sugar beets for the Lehi factory it is well known that Mosida soil is specially adapted to the growing of root crops. One year ago one farme grew over 40 tons of mangle wursel per sere.

Mosida farms are irrigated with pumping plant which means that some more intensly cultivated crop than wheat must be grown. Sugar beets is that one crop and a good trial will be given this year. If successful it is more than probable that Mosida will be de sended on to produce a large part of the supply for the Lehi factory, as there are 9,000 acres of Mosida land available for this purpose.

Heretofore, bad transportation fa cilities has been the drawback to the growing of beets at Mosida. Now it s proposed to build a system of barges and boat transportation from Mosida to Saratoga where they will be loaded, by means of a crane, onto Orem cars, or it is suggested that the factory is only a mile from Utah lake and that by driving piles a landir could be made here and then cheaply hauled up to the sugar factory.
